LR 63, 315, 327

SENATOR BARNETT: No, it is not. I mean, I would like to have but there is nothing but confusion in here right now. And the Chairman of the Constitutional Revision Committee is not here now to assist and, evidently, there is no report has been handed out on this LR 63, a committee report, and I have had two or three people request that they would like to have this before they could see it, and being the honest person that I am and the way I like to deal in all honesty, Mr. Speaker, can I have tomorrow morning after we get the information out to the body today? Senator Rasmussen and a couple of other people want the report of the committee. I can't find the committee report either. I don't know where they put it on a resolution.

SENATOR CARSTEN: Mr. President, members of the Legislature, it would seem appropriate to me that we pass over this today with the understanding that the Speaker would put it on the agenda for tomorrow and we won't try to move it.

SENATOR BARNETT: And I will get everybody the information that I possibly can. I would request unanimous consent to do that if I can have it listed again tomorrow morning. Okay.

SENATOR CARSTEN: We would ask unanimous consent to just pass over it then today, Mr. President.

PRESIDENT: Is there an objection? Seeing none, it is so ordered. Now we go to Select File. One hour only. We first take up LR 315. Senator Rasmussen.

SENATOR RASMUSSEN: I would restate that I would like to have your assistance in adopting the amendment to strike section 2 of LR 315 so that the bill is compatible. I discussed it a few minutes ago and that section has not to come out to give the leeway needed for the money (interruption).

PRESIDENT: All right. Record your vote. Please vote. Record.

CLERK: 25 ayes, 0 nays on the adoption of the Rasmussen amendment, Mr. President.

PRESIDENT: The amendment is adopted. Senator Cullan, do you want to advance LR 315.

SENATOR CULLAN: Mr. President, members of the Legislature, I move the E & R amendments to LR 327 be adopted.

PRESIDENT: No, just advance 315.

SENATOR CULLAN: Okay, we will advance that one.

PRESIDENT: All in favor say aye, contrary say nay. It is advanced. Now we can start with your agenda, Senator.

SENATOR CULLAN: Okay, Mr. President, members of the Legislature, I move the E & R amendments to LR 327 be adopted.

CLERK: They have been adopted. These are some we dealt with before.

SENATOR CULLAN: Okay, Mr. President, members of the Legislature, I move that LR 327 as amended be advanced to E & R
